SUPPLEMENTAL INFORMATION DISCLOSURE STATEMENT PURSUANT TO 37 C.F.R. §§ 1.97 AND 1.98

Dear Sir:

Applicants submit herewith Form PTO-1449, "Supplemental Information Disclosure Statement." Copies of the cited references are not being submitted, as they were previously submitted to the Patent and Trademark Office in the parent application, U.S. Patent Application No. 10/034,408, filed December 27, 2001 to which the above-identified Application claims priority under 35 U.S.C. §120.

Since this Statement is being filed before the mailing date of a first Official Action on the merits, no fee is necessary.

Applicants are submitting this art because Applicants recognize their duty to disclose pursuant to 37 C.F.R. §1.56. However, submission of this art and Statement is not an admission that any item identified contains matter anticipating the invention or rendering the invention obvious to a person of ordinary skill in the art. Further, Applicants believe none of the art submitted herewith, alone or in proper combination, discloses, teaches or suggests the invention claimed by Applicants.

The citation of a reference is also without admission that the reference is sufficient to teach one of ordinary skill in the art how to make or use the subject matter thereof or the reference is, or is considered to be, material to the patentability as defined in 37 C.F.R. §1.56(b).

Moreover, submission of these patents is without admission that any of the patents constitutes statutory prior art or has an effective date prior to Applicants' effective date of invention.

Applicants specifically reserve all rights of privilege and confidence with respect to this matter. A submission of this document is not to be construed as a waiver of those rights. In addition, the filing of this Statement is not to be construed as a representation a search had been made by Applicants or counsel.

Please charge any additional fees associated with this Communication or credit any overpayment to our Deposit Account No. 23-0280. A duplicate copy of this paper is enclosed for that purpose.

espectfully submitted,

Dated: December 16, 2004
